

HEROES RISK LIVES FOR SAKE OF CHIEF

"Grand Old Man" of New York
Fire Department Dies at
Post of Duty.

LEADING HIS MEN IN
FIGHT AGAINST FLAMES

Eloquent and Earnest Tribute
of Men to Deputy Chief
Charles W. Kruger.

NEW YORK, Feb. 14.—Deputy Chief Charles W. Kruger, known for many years as "the grand old man" of the fire department, lost his life today while leading his men in a desperate fight against flames in Canal street. While working his way cautiously through a cellar filled with smoke and gases, Kruger plunged through a trapdoor into a sub-basement filled with water. He was dead when taken out, but in the few minutes that elapsed between the time he fell and his body was drawn out more than a score of men had risked their own lives in an effort to save that of their leader.

"I knew it would happen this way," said one of Kruger's men, when the chief's body was being carried away. "I have been to many fires with him. He was always in the lead. He never said: 'Boys, go into that place or this place.' He always led us himself. He said: 'Boys, follow me,' and that was just what he said this time when he led us into that basement. Boys, follow me. It was just as many of us expected. We have often said that the old man would be killed at a fire leading his men."

Kruger was 57 years old and had been a member of the department for thirty-six years. Several years ago Kruger was acting chief of the department for a time, while Chief Croker was temporarily under suspension.

The fire in which the deputy chief lost his life started at 217 Canal street, and before it could be subdued it swept that building from basement to roof, spread to two buildings adjoining, routed the tenants from several tenement houses in Baxter street and threatened the Church of the Most Precious Blood. It was after the flames in the upper part of the building had been gotten under control that Kruger had taken his men to the basement. A great pile of excelsior in bales was blazing furiously, and an attempt to reach it was the arrangement that had been unsuccessful. Kruger asked permission of Chief Croker to take his men through the basement and cut a hole in the wall to No. 217, where the fire was thickest. Croker consented, and a moment later, with a dozen men behind him, Kruger plunged into the cellar. The place was filled with smoke and the deadly fumes of illuminating gas, which flowed from broken or melted pipes, but the men pressed cautiously forward in the darkness.

Just in the middle of the cellar Kruger stepped on a trap and plunged into six feet of water in the sub-basement. Then began a desperate fight in the gas-filled cellar to save the chief. He could do little to help himself, however, and when Battalion Chief Galvin plunged into the dark hole and taken Kruger's body above the surface he was unconscious.

It required the combined efforts of twenty firemen, weakened as they were by breathing smoke and gas, to draw Galvin, who still clung to Kruger's body, from the pit.

The property loss as a result of the fire is placed at \$50,000.

Humors

Come to the surface in the spring as
in no other season. It's a pity they
don't run themselves all off that way;
but in spite of nuptials and other ex-
ceptions, they mostly remain in the
system. That's bad.

Hood's Sarsaparilla removes them
and cures all the painful and disfigur-
ing eruptions they cause. Nothing else
cleanses the system and clears the com-
plexion like Hood's.

QUESTIONS FOR HARRIMAN TO ANSWER PREPARED

NEW YORK, Feb. 14.—Judge Hough,
in the United States circuit court today,
issued an order supplemental to the opin-
ion of two weeks ago in the matter of
the Interstate Commerce commission's
questions which E. H. Harriman and
Otto Kahn of Kahn, Loeb & Co. refused
to answer, relating to the purchase of
Central Union Pacific and Southern Pacific
railroad stocks.

The order asks the questions which
must be answered in detail, but does not
fix the time for the appearance of either
Harriman or the commission. Of the two
questions which Mr. Harriman is not re-
quired to answer, one relates to the pur-
chase of stocks between July 19 and
August 17 that may have been made in
value. The other was whether Mr. Harri-
man or any of the directors of the Union
Pacific bought stocks in anticipation of
the dividend.

PRINCE OF INDIA IS VISITING SAN FRANCISCO

SAN FRANCISCO, Feb. 14.—The
Prince of India, his Highness Nawab
Sultan-ul-Mulk Bahadur of Hyderabad,
and his royal entourage arrived in San
Francisco this morning on the Pacific
Mail liner Korea, after a tour of several
months in Japan. His visit to the Orient
has made chiefly for the purpose of re-
gaining his health, and at the present
time he is en route to England to con-
sider a number of eminent specialists in
the hope of effecting a permanent cure
of his illness.

The Prince is the only heir of the Ni-
zam of Hyderabad and, with the death
of the ruler, would come into a dominion
almost as large as France, although not
quite as rich as the latter country.

RECEIVER OF C. C. & L. RAILROAD EXPLAINS

CINCINNATI, Feb. 14.—James P.
Goodrich, who was appointed receiver for
the Chicago, Cincinnati & Louisville
Railroad company at Indianapolis yester-
day, assumed charge today. H. H. Starr,
general counsel of the company, said that
the receivership had been brought about
for the purpose of providing protection
to investors.

The road owed money," said Mr.
Starr, "and some of its creditors assumed
a pressing attitude. The details of the
indebtedness of the company and the ex-
tent to which it may be involved are of
little consequence. The figures may ap-
pear alarming to those who are not
familiar with such matters."

HYATT GETTING TO LIKE FAIR WEATHER

Comes Through Again With
Favorable Prediction, and
Astonishes Salt Lake.

The Dooly block oracle is certainly try-
ing to redeem himself for his bad con-
duct in the past, and at last Dr. Hyatt
has come to the conclusion that it is
best to be truthful in his weather prog-
nostications. For the first time in some
weeks his predictions have been right
for several days running, and this seems
quite unusual for him.

An area of low barometric pressure
covered the middle and lower Mississippi
valley and the States of Oklahoma and
Texas this morning, accompanying this
storm. Rain or snow was general east of
the Mississippi river and over Kansas,
Missouri, Oklahoma and eastern Texas.
A rainfall of 1.54 inches occurred at Cairo
during the last twenty-four hours. The
entire country from the Rockies to the
Pacific was under the influence of an
area of high pressure this morning.

The doctor says we shall have fair
weather today.

Friday's record at the local office of
the weather bureau follows:
Temperature 6 p. m., 31.
Maximum temperature, 34.
Minimum temperature, 17.
Mean temperature, 28, which is 7 de-
grees below normal. Total excess of
temperature since the first of the month,

Texas & Pacific Dividend.

NEW YORK, Feb. 14.—Directors of the
Texas & Pacific Railway company today
declared a dividend of 24 per cent on its
second income bonds, out of the surplus
earnings of the fiscal year ending De-
cember 31 last. The company has paid
6 per cent for several years.

which passed the House today, was de-
feated in the Senate.

La Grippe

Is a nerve-wrecking disease. It
affects the whole nervous system.
When the heart, lungs or stom-
ach is weak, it is sure to leave it
in a bad condition. These after-
effects are really more serious
than the disease. Dr. Miles' Nerve
cure should always be taken to
strengthen and build up the nerv-
ous system.

"I had a long spell of the grip which
weakened my stomach and brought on
extreme nervousness. I was miserable
for months. I bought a bottle of
Dr. Miles' Nerve cure and a box of the
Nerve and Liver Pills and I hadn't taken
one bottle before I began to feel better.
My stomach grew stronger and my
bowels finally got back to their normal
condition." MRS. G. O. THORNBURG,
North Baltimore, Ohio.

If first bottle fails to benefit, money back.
